

# SPORT

The JETSURF SPORT is the board that everyone can enjoy. Its characteristics are a perfect fit for families and rental purposes. The SPORT is durable and reliable, but most of all, this model will be a great guide during your early JetSurfing stages.

Whether you want to enjoy a fun afternoon at your favorite lake or ocean bay, or you are looking for a new toy to equip your yacht, JETSURF SPORT will deliver absolutely everything you need for shorter distance trips, riding with your children or friends, or discovering a brand-new perspective on just cruising around. JETSURF SPORT offers a pad version without straps for easier starts. More advanced surfers can enjoy a four-strap version fitting for both goofy and regular JETSURF riders.

## ADVANCED DESIGN & TECHNOLOGY

JETSURF Sport comes with an option of foot strap free option. Rubber pad on the board helps with motorized surfboard initial attempts to stand up. When feeling confident in stand up riding position, foot straps may be easily mount on the hull

## CONTROL SPEED AND BALANCE IN YOUR HAND

Acceleration, speed, balance, - it's all in your hand. The JETSURF control handle serves for starting the board, throttle acceleration and makes a good stability point at any stage of your riding level.

## 2 STROKE 90 CC ENGINE

2019 upgrades of the engine take fuel efficiency to a whole new level. Enjoy over an hour of continuous riding using only 2.8 liters of fuel.

## RIDING COMFORT

The ergonomic straps and footpads made of specialized memory foam connect the riders to the boards, allowing for jumps, airs, grabs and even flips. The straps are placed for ideal weight distribution on the board making it nearly impossible to slip off the board.

## OPTIMAL TURNS

JETSURF boards are available in two different hull shapes. While Sport and Adventure aims on stability in cornering, Race and Race Titanium more curved hulls give enough traction and confidence for faster turning with shorter turning radius.

## TUBE

Brand new accessory equipment by JETSURF MOTORIZED SURFBOARD. Looking for easier jetsurfing beginnings? Would you like to let your children share the board or just welcome more buoyancy? Then, the Tube will definitely be your favourite. A rubber fitted to your board will create one of the most stable surfing crafts. This inflatable accessory will not take up too much space for transport, and could easily be strapped to all JETSURF models. The FUEL CAN is optional equipment available at additional cost. **BUY NOW!**

## KILL SWITCH SYSTEM

Kill switch system shuts off the engine immediately after a magnet on your wrist disconnects with the JETSURF handle. **BUY NOW!**
